

Back to School Newsletter

Hi [first name],

It's hard to believe that the school year has already started! This year, we're encouraging everyone to sign up for Power Saver Rewards at PowerSaverRewards.org to start the school year off right.

Power Saver Rewards is a free public program that gives you a credit on your energy bill when you reduce your energy use during a Flex Alert and help prevent a power outage. Flex Alerts generally occur during heatwaves when there's a strain on the power grid as folks arrive home from school and work between 4:00 and 9:00 p.m.

The best way to reduce energy use during a Flex Alert is to hold off on using major appliances, like the dishwasher, and turn your thermostat up to 78 degrees. Get the whole family involved and remind everyone in your household to help keep energy use low during a Flex Alert. When you reduce energy use during a Flex Alert, you get a bill credit and help protect vulnerable community members from a power outage.

Sign up today at PowerSaverRewards.org to start receiving credits. Anyone living in SCE, PG&E, or SDG&E territory can enroll for free!

Sincerely,

[name]
