

## Power Saver Rewards Newsletter/Email 3

There's a common misconception that power outages are inevitable. In reality, power outages are entirely preventable. When you use less energy during an issued Flex Alert you have the power to help prevent a power outage. The Power Saver Rewards program actually gives you a bill credit when you use less energy. Check with your utility provider to see if you're automatically enrolled. If you are unsure or are not enrolled, join today at [PowerSaverRewards.org](http://PowerSaverRewards.org) and get rewarded when you save energy.

*Cost rewards earned through energy conservation actions during a Flex Alert event will be credited to a future bill statement. To find more details on how cost rewards are calculated and applied to your bill, and additional program details, visit your local utility provider's Power Saver Rewards website.*
